<p>IRB membership is consistent with the requirements of 21 CFR 56.107 and 45 CFR 46.107.</p> <ul style="list-style-type: none"> The IRB has more than five members. The members have diverse and varied backgrounds. There are both men and women on the board. At least one member's <i>primary concern</i> is <i>self-declared</i> to be in a non-scientific area. (E&I accepts the declaration of members as to the "primary concerns" they bring to the IRB deliberations.) All regular members are unaffiliated with E&I except for their IRB membership. 	<p>E&I policy is not to include member names on publicly available rosters. All sponsor-required detail necessary to document knowledge of membership is included. Member names are made available to OHRP/FDA as part of IRB registration.</p>
	<p>E&I reserves the right to modify this list at any time.</p> <p>E&I reserves the right to add consultants to advise the IRB about local conditions or on complex issues requiring expertise beyond that available on the board.</p>
